NO NEW PROTEST, BERETANIA ST. PROJECT GOES ON

Without a single protest being raised the board of supervisors Thursday night passed the resolution establishing the Beretania street improvement district, known as No. 5.

When the matter first came up L. L. McCandless brought in protests which he said numbered 50 per cent of the property holders and which ordinarily would have stopped the work, but the city attorney's office, after an investigation, found that only 42 per cent could legally sign the protests and the work, therefore, should go on.

The rate of assessment is \$5.41 per front foot, with an added tax of 43 cents for curbing where necessary.

The city will pay one-third of the cost of improvement and the property holder two-thirds. The paving will be bitulithic on a concrete base, and the improvement extends from Fort to Nuuanu streets on Beretania street.

Supervisors Receive Letter Commending

Letters complimenting the board of supervisors for good work which they have done is an unusual occurrence but one was really received Thursday evening from the school teacher at Waikane and is as follows:

The carpenters did good work here this summer. The school house, of course, is very old and worn eaten in places, but I guess it is good for two years more. New veranda floors were made and two very good ventilators were made in the walls of the mauka room and the sliding doors are a joy forever. They have always worked hard before, now they run like silk. It is surely up to us now to vote for the carpenters and the present management.

Yours truly,
ALICE E. MUDGE.

CITY AFFAIRS AND SUPERVISOR NOTES

The next meeting of the board of supervisors will be held October 3 at 7:30 p. m.

George Fox was appointed janitor of Kaimukil school, with a salary \$45 a month.

A petition for an automobile stand for five machines on the mauka corner of Smith and Hotel streets was received.

The petition to repair Fifth avenue in Kaimukil and also erect an electric light at the junction of Fifth avenue and Waikane road was referred to the road and electric committees.

The first reading of the resolution reducing the meter water rates from 6 1/2 to 5 cents a thousand gallons, with a minimum charge of 50 cents for 5000 gallons, was passed by the board.

The petition of the Hawaii Meat Market for permission to dump dirt from an excavation of a new one-story building which it plans to build on Bethel street was referred to the city engineer.

The offer from the Bernice P. Bishop estate of a strip of land 56x700 feet in Kapaemahu to the city for \$1 for a road was referred to the road committee. Arnold raised the objection to the gift that if the city accepted it would have to open and improve it.

The new form of the deed which gives the city Liliuokalani Gardens in Nuuanu Valley was read and virtually refused, although referred to the park committee. The land is a gift from the Civic Federation, but the deed contained so many restricting clauses that, according to Arnold, it is not a deed but little more than a perpetual lease.

BOARD PROVIDES MONEY TO PAY FOR ATTORNEY

As the meeting of the board of supervisors was nearing its close Thursday night Supervisor Hatch rose and moved that Supervisor Ben Hollinger be authorized to engage an attorney to defend the board in the injunction proceedings in which they were served Thursday in connection with the building of a school bungalow with money appropriated out of the Central Grammar school fund. As the city attorney filed the injunction that office is unable to appear for the board.

The vote was taken and although the motion carried, when Horner's name was called he voted "no," declaring that he believed the injunction was rightly brought.

Arnold immediately jumped to his feet and said that he did not believe that mere technicalities should stand in the way of public improvements and he was planning to bring in more petitions for further school work.

Arnold also made a motion to have \$199 appropriated for the defense of the injunction, which motion carried, Horner again voting no.

Hollinger then became sarcastic, pointing out that if the city attorney wished to save money it seemed to him that it would cost the people far more in taking the case to court than in permitting the school building, which is badly needed.

The one really amusing incident of the discussion of the injunction proceedings was when Arnold said that S. Kaunane, chairman of the Hilo board of supervisors, told him that they had been reappropriating money all the time in Hawaii and nothing had been done to prevent it.

Horner immediately answered back, "Yes, but tell the board the rest, that they had done it but knew it was illegal."

SUPERVISORS MAKE DEDUCTION FROM BILL FOR STONE FOR ROADS

Because the rock crushing plant of John H. Wilson broke down during August and he could not deliver the stone contracted for to the city and thus the city was forced to call on the Honolulu Draying & Construction Company for the material, and the latter's bill was higher than the contract price, the board of supervisors Thursday night voted to deduct the excess from the September bill and referred the matter to the city engineer's office to have its ruling carried out. The contract price is \$703.62, and the excess is \$165.16.

WOULD APPLY FRONTAGE TAX TO OLD PALI ROAD

A letter was received at the meeting of the board of supervisors Thursday night from Edgar Henriques and also signed by other residents living on the old Pali road asking why the board of supervisors had not repaired the road, pursuant to a request which had been sent it five months ago. The letter went on to say that as it had done nothing he would repair the road at his own expense if the city would let him have a roller and also oil for surfacing the road.

Supervisor Charles Arnold in reply offered a resolution to the effect that if Henriques wanted the road repaired he should send in a petition asking for a frontage tax improvement, the residents to pay the entire cost.

NEW SCHOOL EQUIPMENT IS BEING INSTALLED

Henry Freitas, building inspector, is working hard today putting together the new desks and chairs for the three grammar schools. When school first opened temporary equipment had to be installed. It is expected that the new will be all in place within a week.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. Hyper-acidity irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonsful of bisulphated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisulphated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G. FINE NEW CAGES FOR MONKEYS AT PARK

The two monkeys at Kapiolani park are to have a new cage. Thursday night the board of supervisors said so and they ought to know because they voted an appropriation of \$475 to pay for it.

The cages have already been constructed and are out at the park now waiting for the concrete bases to be made before being placed in position. Around the cages a wire fence will be erected to keep at a distance bad boys who insist on tormenting the monkeys.

LETTER OF THANKS FOR DONATIONS IS RECEIVED

The British Club of Honolulu has received a letter of thanks from Viscount Knutsford, chairman of the London Hospital, for the donation by Hawaiians to the Edith Cavell Nurses' Home in London. The letter tells that the home will cost approximately \$150,000, is now under construction and will be opened by Queen Alexandra.
